

Introducing Glucowear™

Glucowear™ is designed for people who regularly monitor blood glucose.

- Totally **non-invasive and pain free**
- Real-time results (no lag)
- Continuous detection
- Alarm alerts, trend profiles and time-in range profile
- Fashionable design
- Bluetooth connectivity to smart device
- iOS and Android compatible stand-alone sensor
- User interface via app on smart device
- No additional running cost
- No risk of it falling off and needing replacement

Glucowear™ will also suit athletes, fitness enthusiasts, and anyone aiming to optimise their health and nutrition.
